CALA

Colour Shown: Beige (16 colours available)

SKU Code: JT013638003 (3638/03)

Spanish for cove, Cala is a fresh take on the historic silk moiré, a technique practiced since the Middle Ages. This calendar rolled effect has been used to create a calming, coastal landscape inspired design that dances on a matte, natural composition of cotton and linen. Cala updates the original classic moiré with a large-scale Øguring and a contemporary colour palette of sandy tones and bright pops of fuchsia and lime.
