MEKHLA

Colour Shown: PEARL (3 colours available)
SKU Code: JT013496001 (3496/01)

The Goddess of Lightening Mani Mekhla often appears in Buddhist stories and is represented in temple paintings throughout Southeast Asia.

This heavenly fabric evokes sheer fantasy. Imagine lofty clouds drifting across a silver sky and you can appreciate how Mekhla curtains would look billowing gracefully in an open window. The large-scale design is inspired by traditional Jim Thompson ikat, however here the pattern is produced using a sophisticated laser cut technique in Trevira CS yarn.
